Appointment of an Asst.Engineer.

First Assistant Resident.

Please refer to your No.8188/28[illegible]-2[illegible] dated 18-9-2[illegible] in which a proposition statement embodying the appointment of an Asst.Engineer was sanctioned.

Mr.Russell advertised in four papers, including the "Statesman" and about 6[illegible] applications were received. These I examined with Mr.Murphy and took in person to Mr.Barton who, with me, selected four or five persons as possible. I made some enquiries and eventually approached a Mr. Singleton and a Mr.Parkinson, both of them men trained in this country with a record of active service during the War. Mr.Singleton has been promoted in Govt.service and does not wish to join. Mr.Parkinson is apparently prepared to join and he appears to me to be suitable. I may say that I have been in no hurry to fill up this post because I wished to look ahead and estimate the Commission's requirements should the present Engineer leave the Commission's service. Mr.Parkinson appears to have qualifications which would make him eligible to take the Ex.Engineer's place should it fall vacant and should his work prove satisfactory. Mr.Barton left the final selction of a man to my discretion and I recommend Mr. Parkinson. He was in the 2nd Q.V.O.Sappers and Miners in Bangalore in 1916 but I was not able to find any man in the corps whose memory went back to that year. Mr.P.is also related to Mr.Singleton of the Customs in Madras.

With your concurrence I propose to send him the telegram put up in draft form. Urgent orders are solicited.

SIR,

I have the honour to forward copy of an application from Mr Edwin, permanent supervisor in the Engineering Department of the Municipality requesting that he may be granted a sub protem allow-ance for the period (1st October 1920 to 13th March 1921) he discharged the duties of Assistant Engineer, in lieu of the charge allowance that he has drawn and to state that the appointment which is temporary was sanctioned in First Assistant Resident's No. 8188, dated the 18th September 1920 and as it was thought that permanent arrangements would not take long to make, Mr. Edwin was placed in charge. Mr. P.J. Parkinson, the officer selected for the appointment however did not join till 13th March 1921 and in consequence Mr. Edwin held the appointment for 5½ months. I request, therefore, you will be so good as to obtain the sanction of the Hon'ble the Resident to the grant to him of the Sub Protem allowances under Article 78 A (last clause) of the C.S.R. which I recommend.

(THROUGH THE EXECUTIVE ENGINEER)

Sir

I beg to submit the following few lines for your sympathetic consideration and favourable disposal.

2. On 1st October 1920, I was placed in charge of the Works Department, as Assistant Engineer "in charge". It was thought, at that time, that this tentative arrangement was to last only for a short period - of a month or so - and that, before long, some sort of permanent arrangements would be made. But for various reasons, I continued to be in charge of the Department till the 13th March 1921. During this long period - of 5½ months - though the full responsibilities of the post were thrown upon me, and I discharged all the duties of the post just as much as a fulltime Assistant Engineer, in virtue of the first order, I was given only the "in charge" allowance of 15% on the salary or ₹ 45/= per mensem. Even the conveyance allowance attached to the post was not allowed to to me, as I had no motor car. Instead, I hired a carriage throughout the month (which used to consume nearly half the allowance) on the understanding that the actual expenses, at least, would be paid, but even this I now understand, is not allowable.

3. I may mention that, in 1918 when the Executive Engineer went on leave, the then Senior Supervisor, was placed in charge of the Executive Engineer's office for over 4 months, and he was paid the full acting allowance on Executive Engineer's salary. But this time, I had no opportunity of acting for him, as the new Assistant Engineer is posted to this place.

4. I may also mention that, in February 1920, I was in charge of the Executive Engineer's office for a full month, but I neither expected nor asked for any allowance as it was not possible to grant me any.

5. But in the present case, the post is a "newly created"

cre

one and I respectfully be [illegible] case may be reconsidered, and the period I was "in charge" may be treated as "Sub protem". Assistant Engineer.

C. It [illegible] favour I shall be very grateful.

Subject:- Post of Assistant Engineer of the Municipal Commission.

Dear Austin,

S.21 Please refer to my letter No.4088, dated the 10th May 1922, on the above subject.

There is a young Coorg, K. P. Kallappa by name, who is at pres in England. His address is No.30, Royal Park, Clifton, Bristol. studied from 1917-18 to 1920-21 at the University of Bristol and he obtained the B.Sc. degree in Civil Engineering of that University. is very well spoken of both as regards attainments and character by professors under whom he worked. He is now undergoing a practical training in Sanitary Engineering in England. He comes of a respec family in Coorg and is a son of Mr. K. Ponnappa, Retired Executive Engineer, Mysore Public Works Department, whose address is "The Hos Mercara, Coorg. It is not known whether he would take a temporary appointment.

There is another Coorg named K. B. Muthanna, who has just got the Diploma in Civil Engineering at the Madras Engineering College sat for the B.E. Examination in April last. He is now doing pract work in Coorg. His address is "Executive Engineer's Office, Merca

The Resident is of opinion that these 2 candidates may be considered for the appointment unless some one else, either Indian or European, with better qualifications is secured. Kallappa, if he accepts the appointment, could be cabled to come out if necessary.
